Reference for Connect ISP Ltd

Perron Quay engaged Connect ISP Ltd to supply and install a fully managed fibre optic internet solution to its Stadium Apartment development in Auckland. The brief also included consultancy and project management.

The project was delivered on time and on budget.

Throughout our engagement with Connect ISP Ltd and its Principal, Michael Verster we have received nothing but the highest level of service and professionalism.

In addition to being highly competent technically, Michael is also an excellent listener and a problem solver by nature. He consistently went above and beyond to ensure that the project outcome exceeded our expectations.

I have no hesitation in recommending the work of Michael and the Connect ISP team to other businesses, large Body Corporates, and hotel/serviced apartment buildings.

A handwritten signature in black ink, consisting of a series of vertical, wavy lines followed by a long, sweeping horizontal stroke that curves upwards to the right.
